You're working away.
What do you need? A friendly
face? A warm welcome?
Good food and a comfy bed?
Maybe a pool, spa, gym,
fitness classes?

As you can probably already tell, the Waterside is a pretty unique kind of hotel. Right in the heart of Didsbury, along the banks of the River Mersey, it's convenient for both the city and the airport, but there are many other reasons why it stands out from competitors when it comes to business

travel. With 45 comfortable en-suite rooms, it combines a hotel, leisure club and Thermal Suites. You can start the day with a swim and a hearty breakfast. Wind down after work in our gym, in one of our fitness classes or relax in the Thermal Suites and Hydrotherapy Pool. Then, once you've burned off a whole

load of calories, you can load up again in our restaurant and bar. I know we're a little biased, but it is some of the best food in the area, but don't just take our word for it, we asked the Waterside business customers to share their thoughts on the Waterside throughout the following pages. Enjoy.

"An ideal place to relax after a long day of work and travel. The facilities are excellent, the location is prime and the staff make me feel so welcome."

Relax and enjoy your home away from home

From the moment you walk through the doors at the Waterside, you will discover a relaxed atmosphere, where nothing is too much trouble.

Our 45 modern rooms, are designed for comfort. Decorated in elegant muted shades, they come complete with Smart TV, Sky and BT Sports, telephone, hair dryer and tea and coffee making facilities. They also have an en-suite with drench shower - perfect for waking you up in the morning. If you have to finish off some work at the end of the day, that's no problem, our rooms are also perfect for working, with desks and free wifi.

Food to savour

Here at the Waterside, we take pride in our food. Our team of skilled chefs are dedicated to serving only the finest produce. Having worked in some of the best kitchens in the country, they have hand-picked their suppliers so they can create classic dishes cooked to perfection. Even if we say so ourselves, they're pretty bloomin' special. While we may not be Michelin starred (yet) we are rapidly gaining a reputation locally.

Latte or Cappuccino?

Of course, if you don't fancy the formality of our restaurant, then you can dine in our Club Lounge. With a range of light bites, it's the perfect place to unwind, catch up with friends or even finish off any work you may have brought with you.

Would you like ice in that?

With a wide range of drinks (and a rather enviable selection of gins) our Club Bar is the perfect place to unwind with a nice cold pint or a crisp glass of wine.
